## **1.0 PURPOSE**

It has come to Dart's attention that the D350-578-015/-017/-115/-117 Bearpaw Installations could prevent the D2741 Blade that is installed on Dart D350-636-XXX Skidtube with Training Wearplates from contacting the ground and performing its intended function.

## **2.0 ACTION**

The DSI 9812-011 Shim Kit should be installed per DSI 9812 when the D350-578-015/-017/-115/-117 Bearpaws are installed on Dart D350-636-XXX Skid tubes with Training Wearplates.
